To all prospective consignors:

As we have planned an extensive auction schedule for the year 1969, Numismatic Enterprises will now endeavor to bring you material for each and every collector.

As this catalogue goes to print, we are in the midst of assembling auction material for our next sales.

In order not to disappoint consignors, we suggest at this time that if you are contemplating placing your coins with us for this year, you write us promptly and we shall make a point of either contacting you in person or handling your consignment via mail instructions.

Now, as in past years, we will be traveling closer to your area in our attendance of major numismatic shows.

We hope you will take the opportunity to consult us at your convenience.

Our 1970 auction schedule includes a major public sale to be conducted with the Numismatic Association of Southern California's 15th Anniversary Convention in Los Angeles in mid-February, 1970.

As we are presently scheduling our consignments for that sale, any inquiries should be directed to us prior to November 1, 1969.

TERMS and CONDITIONS of SALE

The properties listed in this catalogue are offered and sold by A. Kossoff, Inc., and Numismatic Enterprises (cataloguers) as agents for the Consignors on the following terms and conditions.

1. Bidding shall be by Lot Number, no lots will be broken.
2. No BUY or UNLIMITED bids will be accepted. Please do not ask for exceptions.
3. NO commissions are charged for handling your mail bids. Shipping and insurance costs only will be added to your invoice.
4. Bidders unknown to the Cataloguers should supply suitable references or a deposit equal to 25% of their bids.
5. The Cataloguers reserve the right to withdraw any property at any time before the actual sale.
6. The Cataloguers reserve the right to reject a bid from any bidder. The highest bidder acknowledged shall be the purchaser. In the event of a dispute between bidders, the auctioneer shall have the sole discretion.
7. If the auctioneer determines that any opening bid is not commensurate with the value of the lot, he may reject the bid and withdraw the lot from the sale.
8.
 - a) The Cataloguers apply long experience and care in grading and authenticating all of the properties listed in this Catalogue. Errors do occur and the Cataloguers will gladly make satisfactory adjustments. However, as agents for the consignors, the Cataloguers are bound by agreements. Our settlements must be made in accordance with the terms of those agreements.
 - b) Claims involving grading or errors in the Catalogue should be made within 7 days of the receipt of the coins.
 - c) No claims, for whatever reason, can be considered after settlements have been made with consignors.

BIDDING

Cataloguers have long taken for granted that all collectors are familiar with the operation of an auction sale. Questions coming to us recently indicate that this is not so. Many collectors would like to know more about how a sale is conducted. The following is an attempt to answer these questions.

BIDDING BY MAIL

Obviously not all collectors who receive this catalogue can attend the sales in person. Yet they would like to participate in the bidding.

These collectors may do so by sending in a BID SHEET on which they indicate the lot number and the amount of their bid.

Thus: LOT NO. DESCRIPTION BID
(Fictitious

Example) 1 1856 Cent \$2170.00

The amount bid is the maximum which the bidder may be charged. If competition permits, the bidder may be charged less than the amount bid. If, for example, the second highest bid on lot number 1 is \$2,000.00, then an advance of 5% will bring the bidding to \$2100.00, and this is the amount at which lot number 1 will be billed out to the bidder, despite his bid of \$2170.00

You may bid generously with the assurance that you will buy the coin for less if it is at all possible.

At the same time, we frequently receive identical bids on certain lots. As each BID SHEET is received it is numbered and bids are entered in our Master BID BOOK by Bidder numbers. The only fair way is to give preference to the first of the identical bids.

BIDDERS sometimes want 1 coin of a certain type. There may be 3 or 4 coins of that type listed. You may indicate that you want only one of the 3 or 4 lots. Success on one lot automatically eliminates the others. Failure on a lot will transfer the bid to the next coin and so on.

BIDDERS frequently request a dollar-limit to their purchases. We can handle that situation for you as well.

Mail Bids are kept secret. It would be unfair to Mail Bidders if we revealed such information. If it would be fair to reveal it to one collector it would have to be done for all. Please do not ask for exceptions to this rule.

MAIL BIDDERS may have the opportunity to examine lots prior to bidding. References should be supplied if you are not known to the Cataloguers. Shipping and insurance charges both ways are your only cost.

Finally, if there are still some questions you would like answered, send them to us. We will try to clarify them for you.

NOTES REGARDING GRADING

In this catalogue the reader may notice that in most instances there is a number accompanying the grading of the coin. This numbering system stems from a practice instituted by Dr. William H. Sheldon in his grading of early american cents. We feel that the scale for grading will give the collector a better impression of the condition of the coin described. The scale runs from 1 through 70, perfection being 70, 65 mint state and downward. The scale is as follows:

Uncirculated	MS	70	THROUGH	MS	60
About Uncirculated	AU	55	THROUGH	AU	50
Extremely Fine	XF	45	THROUGH	XF	40
About Extremely Fine	AXF	35			
Very Fine	VF	30	THROUGH	VF	20
Fine	F	15	THROUGH	F	12

Although this scale of grading will never do away with the individual differences in the viewing of the condition of a coin it is, we feel, another step toward better cataloging.
